Hi All,

Attached is the official submittal of Alaska's NPS Strategy Update. Cindy wants comments by the end of July. Ideally I would like to consolidate our comments. Let me know if you plan to review the document and, if so, whether July 30 is sufficient time for you to complete your review.

To assist you in your review, I have attached the guidance document *Key Components of a State Nonpoint Source Management Program* and the transmittal memo, which describes the process for developing this guidance with state input.

Cheers,

Jayne

Subject: Draft Non-Point Source Strategy

Jayne –

Attached is the DRAFT Non-Point Source strategy. I have tried to address some of the early comments EPA provided (although in all honesty, I probably didn't catch all of them).

I would appreciate your getting me comments back by the end of July so I have time to address and make the Sept. 30th deadline. Let me know if the schedule works for you (I know it is summer and folks are out).
